

South Yorkshire Freedom Riders

- our bus story

What happened to the buses?

We had free travel from 9am, it was cut to 9.30am to 11pm.

What are we doing about this?

We are pushing the Transport Executive to restore the few hundred thousand pound subsidy to restore our previous travel arrangements.

What about the bus companies?

TM Travel & Sheffield Community Transport (SCT) have introduced a £1 flat fare for any travel outside the 9.30am to 11pm hours.

Powell's is going to introduce a trial scheme

First SY are considering a similar scheme

However, **Tates** and **Stagecoach** are refusing to do the same. We are campaigning for them to bring in such a scheme.

What else?

First buses in York introduced a scheme where the hospital gives vouchers for patients with early appointments that allow them to travel free. We are pressing for a similar scheme in South Yorkshire.
